As an added bonus we will randomly place a GOLD RUBY color in both kits. Maybe you'll get a "lucky box". *Delivered to your door in 3 days or less by FedEx for FREE. Includes Q-Colors, Kugler & Wiesenthal. *Not all kits contain all variations. Kits will vary to get a different kit each time you order. Although the colors selected are believed to be compatible with the most commonly used base glass's available, we highly recommend you test for compatibility.

KUGLER & Q-COLOR OVERLAY COLOR SAMPLE SETS

We at C&R Loo have compiled an excellent sample set for Kugler and Q-Colors. These sample sets are available EXCLUSIVELY from C&R LOO as a service to our clients and are an invaluable tool for selecting colors. Please note that there may be slight variations from the sample to the actual color. The sample sets are made up of thin blown chips of each color. These chips have been numbered and are displayed in heavy duty slide sheets enclosed in a ring binder. Striking colors have NOT been re-heated and do not show the final colors. Wiesenthal color charts are also included. You may also view color charts on our web page at: CRLOO.COM.

You can order either the complete set for \$165.00 or individually for \$89.00.
